

OneStream Networks Partner Program

According to Infonetics Research, the global business voice services market is on track to more than double between 2012 and 2016, expanding to over \$120 billion.

Your organization is well positioned to capitalize on that growth by offering customers standard voice solutions. But do you have the partner and resources necessary to seamlessly meet your customers evolving IT communications needs? Are you able to address SIP trunking, hosted PBX and UC integration requirements locally and globally? Will you be the partner of choice for their increasing demands for consolidated telephony, video, and data networks?

You can by becoming a OneStream Networks Solutions Partner.

The **OneStream Solutions Partner Program** is OneStream Networks most advanced partnership designation, limited to a select group of strategic VARs, Integrators, Master Agents and Consultants. Partners gain access to OneStream's entire TrueGlobal certified services portfolio, world-class sales and engineering support, aggressive monthly commissions and dedicated support. With local-to-global SIP trunking, hosted PBX and UC integration capabilities, extending to over 60 countries worldwide, OneStream Networks enables your customers to achieve their communications goals with the industry's first seamless worldwide voice network.

Solutions Partner Program Highlights:

- **Generous payments.** Earn residual commissions and one-time SPIFF payments. Commissions for lifecycle of customer.
- **Worldwide product portfolio.** SIP trunking, hosted PBX and UC integration capabilities, available seamlessly in over 60 countries via OneStream's TrueGlobalSM network.
- **Dedicated support.** Pre-sales engineering, sales support and training. Global install support, 24/7 NOC and back-office support.
- **Certified solutions.** OneStream SIP trunking is certified interoperable with leading IPPBX and UC manufacturers.
- **Dedicated to the channel.** OneStream is 100% committed to the channel and take great pride in offering best-in-class services and support. We win together!
